Entries by

**10th June to Bowmen of
Melville,**

bowmelsec@gmail.com

Snacks and lunches for sale.

The Professional Archers Association was formed in
the US in 1963.

The PAA shoot in Perth has been running since the
1970s and involves shooting 3 arrows at each target
from 15 to 60m in 5m increments.

Scoring is 5,4,3 and 3 rounds are shot.

The shoot is controlled by a DOS and would appeal
to people who enjoy field as well as those who
prefer target.

It's a fun introduction to competitions for
beginners. If you haven't tried it before, come along
and have a try.
