DETAILS FOR BENARA MATCHPLAY

The competition is open to all Recurve, Compound and Longbow archers (unfortunately crossbows cannot be accommodated).

The event will start with a ranking round (72 arrows with each archer shooting the distance specified below).

The event will continue as a NON ELIMINATION MATCHPLAY (if you “lose” a match you will not be eliminated, but will still progress to the next round).

You will shoot on the same target all day.

There will be no distinction between Men and Ladies, thus there will be only two matchplay competition groups, the CONVENTIONAL group (comprising recurve and longbow) and the COMPOUND group.

There will be no distinction between freestyle and barebow.

Within a group all archers are considered equal regardless of the distance they shoot (so a youth or age division competitor shooting a shorter distance can beat an open competitor who shoots at a longer distance).
