**QRE and National Matchplay Series Round 2**

**Whiteman Park International Shooting Complex**

**Jules Steiner Memorial Drive, Whiteman, WA, 6028**

The QRE on the Saturday is a normal QRE ranking round to give archers an extra opportunity to shoot an official round for their ranking.

On Sunday it is the second qualifying event of the AA National Matchplay Series 2018/19, with one event conducted in each RGB and points awarded to earn a place in the final. At the completion of all the tournaments the top four archers will compete in the final in Victor Harbor in March 2019.

The points will be those gained in 3 of the official RGB NMS events, though archers may participate in more events.

Categories in the Matchplay will be Recurve and Compound with separate divisions for male and female.
